INTRODUCTION

Welcome to Olney Friends School (OFS). This handbook will help you get to know our school community. Please be sure that you understand and are familiar with all the information in this handbook. Although much content remains the same from year to year, the document is also reviewed and updated annually and therefore warrants an annual review by all students, parents, faculty, and volunteers. You are responsible for knowing and adhering to the policies outlined in this handbook. Community principles and traditions are central to School and inform our decisions around policies, rules and procedures. As a result, in reading this handbook you will learn about the school's fundamental philosophy as well as details of OFS rules, policies and procedures. Additional policies, relevant mainly to school staff, can be found in a separate Policy Handbook

Olney Friends has a long tradition of challenging students to grow. Our goal is to collaborate with each of you to support a successful experience and create an extraordinary year. Please take time to familiarize yourself with this Handbook.

As a member of the Olney community, you are expected to review and understand the Community Life Handbook. It should serve as a resource throughout the school year, and there are many people at Olney available to answer any questions or concerns.

Olney reserves the right to make changes to the information in the handbook as deemed necessary. The policies, rules, regulations and/or procedures contained in this or any other Olney handbook are not, and are not intended to be, a legal contract, nor do they grant any additional rights or guarantees to students. Rather, they serve as guideposts that inform the community of what to expect.

Unless otherwise required by law, the school always reserves the right to bypass any procedural requirements when the school determines in its sole discretion to do so. As a result, none of the procedures outlined herein are guaranteed. The school reserves the right to use any or all disciplinary responses in conjunction with another response.

Olney Friends School does not discriminate on the basis of race, color, gender, national origin, age, religion, creed, disability, veteran's status, sexual orientation, gender identity, or gender expression in its educational programs or employment.

PARENT PARTNERSHIP

We request parents convey to students the importance of their commitment to live by the rules and expectations laid out here, even if this means accepting restrictions that would not be required elsewhere.

All Student Weekends

All Student Weekends: The school calendar indicates all student weekends throughout the school year. . The school expects boarding students to remain on campus on those weekends. Day students are also expected to participate in scheduled activities on all student weekends. These weekends are designed to promote community bonding among students and faculty. Family members are, therefore, discouraged from visiting the school on those weekends. Students will be expected to participate in major school events.

We welcome parents, visitors, alumni, and other supporters of the school on our campus. Due to the evolving COVID pandemic and other infectious diseases, visits from family and non-family visitors can be altered at any time by Olney Friends School administration.

Communicable Disease Policy: Olney Friends School reserves the right to exclude from campus any student or faculty member who has a communicable illness, has been exposed to an infected person, or may be susceptible on account of such factors as non-immunization, in the event of a vaccine-preventable or other communicable disease incident. The student or faculty member may be removed until the danger has passed. In general, we may refer to the local health department to obtain guidance about next steps. Communicable diseases may impact the way we will educate, schedule, or have school trips. Olney will work through the issues and complications that may arise in the event of an epidemic or pandemic. The school may institute precautionary measures (e.g., banning handshakes or adjusting self-service food options) to help reduce the spread of communicable diseases.

Please note that the school does not permit visitors (family or otherwise) to stay overnight in the dorms at any point during the academic year or school-hosted student programs. at any other time. Additionally, visitors may not enter the dorms, except (a) when a parent is with their student or (b) with specific permission from an administrator.

Open Weekends: On open weekends, boarding students may go home or, with permission from both students' parents, visit another student's home. The school requests parents and students to inform the Student Life Office (shea@olneyfriends.org) or (vicki@olneyfriends.org) of off-campus travel plans at least one week before the weekend in question. The school requires students to submit weekend absence forms by 6:00 PM on the Wednesday before a weekend absence. Forms are available in the Main Office. Any visits with non-family members, whether on-campus or off, require written parental permission and approval of the Student Life Office.

School Calendar: Olney Friends School may convert to online learning if required by government action, a pandemic, or in any other situation where the school has determined, in its sole discretion, that such an approach serves the school best. The School may record online lessons for educational and promotional uses. If necessary, the school may expand the hours of instruction or the academic year to satisfy legal educational requirements. The school year calendar is contained in this Community Life Handbook and on the school's website (www.olneyfriends.org).

Visitors to Olney Friends School

All visitors are asked to check in with Main Office faculty, sign in on the Visitor Log there, and sign out when they leave. While on campus, visitors must follow school rules and policies. These expectations apply to *all* visitors and guests including recent alumni, former students, and family members of current students.

On and Off Campus Visits: Parents and guardians are welcome to visit students on campus or to take their own students off campus for a special meal or outing. Parents and students should inform the Student Life Office of these plans. Any visitor arriving without informing the Student Life Office may be asked to leave campus.

Parent Meetings

Parents are welcome to schedule meetings with any employee of OFS to discuss affairs concerning their students.

Breaks (Thanksgiving, Winter, and Spring)

Travel Plans for Breaks: Olney Friends School’s annual calendar includes vacation times. For the 2023-2024 school year, we will have three extended breaks, as noted on the calendar. Parents must submit vacation travel plans to the Main Office (mainoffice@olneyfriends.org) at least four weeks before each school break.

The school provides transportation to and from Pittsburgh International Airport (PIT) on scheduled travel days. Transportation arrangements to airports other than PIT, or outside designated travel days, are booked through airport limousine 1-800-326-2907. The cost of transportation to and from airports is the responsibility of the students and parents.

Leaving before, or returning late after, a break constitutes an unexcused absence. Repeated unexcused absences have a negative impact on a student’s academic performance.

Hosting International Students: Sometimes parents of domestic students will volunteer to host international students during breaks. In these instances, the school requires written permission from the hosts and international students’ parents outlining these arrangements. Please be aware that, except in limited circumstances, the school does not assume responsibility for making vacation plans for students. International students must provide the school with the name and address of someone in the United States who will act as a host/local contact.

Campus Restrictions During Breaks: All students must leave the school’s premises at the designated start of school breaks and return as stipulated on the school calendar. Parents and students should not assume that the school will allow students to stay on campus unless the Head of School approves such an arrangement. Should the Head of School approve such an arrangement, it will cost extra money for students to stay on campus during breaks.

Attendance

Missing classes diminishes a student’s learning experience and may result in serious academic consequences and an unnecessary burden of accumulated work to be completed. Because much of what we expect of students requires in-class group work and discussion, some learning opportunities will be missed by absentees and cannot be replicated. Therefore, we ask parents, guardians, and students to minimize or eliminate causes for absences from class. Of course, we recognize the parental prerogative to make decisions of this type; however, the school and its faculty are unable to shoulder the burden of accumulated absences. **It is the school’s right to determine whether an absence is excused.** See the Curriculum Guide on the school’s website (<https://www.olneyfriends.org/>) for more details on the procedures and consequences for missing class.

Health and Nutrition

The school infirmary is located in the Mary Davis Guest House next to the Main building. The school’s Health Consultant is available by appointment to see students. Additionally, the Main Office will have a faculty member on duty to deal with students’ health concerns. An Urgent Care Clinic and the Barnesville Hospital are nearby and readily accessible for emergency situations. After the school day, administrative and dorm faculty will take necessary steps to care for students with health concerns. In case of a medical emergency during such hours, a student should alert or have another student alert an on-duty faculty member immediately. A faculty member will accompany a student if a health concern requires an emergency hospital visit. In such a situation, the school and hospital will make every attempt to contact parents and guardians. Parents and guardians should authorize English-speaking family members—who are listed on students’ emergency medical forms—to provide verbal permission by phone to healthcare professionals to admit and treat their students.

Weekday Illnesses: Students who fall ill during a weekday should seek out faculty in the Main Office between 7:30 AM and 4:30 PM on each day they feel ill. Students must report to the Main office for these visits before morning Collection or between classes. Students who miss classes due to illness will have a 9:30 PM dorm time and may not leave campus that day. Students who remain in the infirmary through an academic day must spend the remainder of the day and evening in their dorm rooms. They are not permitted to have other students in their rooms throughout the day, evening, and night. Students who miss a half or whole day of academic classes due to illness may not participate in sports, free-time activities, study hall in the Main, or Collection. They may arrange with the faculty member of duty to have dinner from the school’s kitchen delivered to their rooms. Please refer to the Curriculum Guide for information on mental health days.

Athletics and Illness: Students who feel unable to participate in athletics due to illness or injury must seek written permission in person from the Student Life Coordinator and Coach to miss athletics. Students should secure permission before 4:00 PM on the day in question. Even with written permission, coaches may still require students to observe the athletic activity. Alternatively, coaches may allow students to return to their dorm rooms, where students must remain until dinner time.

Night and Weekend Illnesses: Students who become ill at night or over the weekend must be seen by a faculty member on duty, who will decide on a course of action and communicate it to other faculty on duty.

Isolation and Convalescing: Some illnesses may require isolation in the infirmary overnight or longer. In these cases, a faculty member on duty will also stay in the infirmary overnight. Students who need extended attention due to their illnesses will have to convalesce at home.

Medical Forms, Prescription Medications, and Supplements: Students with prescription drugs must see the Dean of Students (Vicki Lowry) during registration at the start of the school year or when a new prescription begins. Parents and students must review medical information and forms with the Dean of Students during registration. Parents should send all medication and supplements directly to the Main Office and not to students.

Students must keep all their medications (prescription or non-prescription) and nutritional supplements in the designated medicine cabinet in the Main, which only faculty members can access. The school does not permit students to keep any medications (prescription or non-prescription) or supplements. Faculty members on duty will assist students with their medication as prescribed.

Abuse of Medications and Supplements: Abuse of any medication or herbal supplement is a major rule violation. Students who engage in such abuse will be subject to disciplinary action. Students who supply other students with prescription or non-prescription drugs or supplements risk automatic expulsion.

Medical Appointments: Medical, dental or eye appointments should be scheduled to occur during vacations so as not to interrupt the school week. Other such appointments must be arranged through the Main Office manager. A written doctor's excuse must be provided upon return to school. Failure to provide a written doctor's excuse will result in an unexcused absence.

Counseling Services: The school may make arrangements for counseling with a nearby private practice. Parents must make billing and payment arrangements directly with the service provider. The school will then arrange for students to attend appointments. If a student appears to be struggling emotionally or socially, the school may recommend to a parent that the student see a local counselor. Students with a history of a major disciplinary offense may be required to attend counseling as a condition of continued enrollment at Olney Friends School. Students are not allowed to see a counselor for regular visits without parental permission. Parents must stay in contact with the counseling service for the duration of care.

Dietary Needs: Please inform the Student Life Office of dietary needs or restrictions before the beginning of the school year. Kitchen faculty can accommodate restricted diets, but this requires parental approval and the cooperation of parents and students. You must provide detailed

information about any dietary needs and restrictions. NOTE: Olney Friends School is not an allergen-free school.

Piercings and Tattoos: The school prohibits piercing and tattooing while students are under its care. Students who engage in any body piercing or tattooing will receive disciplinary consequences for their actions.

School Store, Bank, and Gift Shop

Banking at Olney: Parents and students must deposit students' personal spending money in the school's student bank for safekeeping. The bank opens during specified hours that are posted in the Main Office. Students must complete withdrawal and deposit slips whenever they wish to access the bank. Faculty members on duty will sign the slips and perform the withdrawal or deposit. Only the student whose name appears on an account, or their parent, can withdraw money from that account. The school does not accept advances on student accounts. Students must not keep money in any place but the student bank. Students may return unspent cash to the bank for safekeeping after withdrawing it.

NOTE: The school does not take responsibility for money reported missing from a dorm room or other campus location besides the student bank.

Appropriate Spending Amounts: Students do not need access to cash in excess of a weekly allowance to cover occasional snacks, laundry, or a trip to a local store to buy toiletries. A weekly allowance of \$15 to \$20 should cover such costs. A student who withdraws more than \$30 at a time will have to declare the purpose of withdrawn money. International students will often need to have extra funds for travel between breaks. These funds can be earmarked and reserved for those times. Please send parental permission to spend larger amounts to the Student Life Office.

Money for School Activities: During required school trips, the school will provide transportation, room, and board. On such trips, however, students will often want their own money for soft drinks, snacks, and small mementos. For optional or voluntary trips (e.g., a trip to watch movies at the mall), students must pay for their own purchases.

Purchase of Olney Logo Items: The school has a gift shop which sells Olney Friends School clothing, souvenirs, books, and craft items. Students will need their own money if they wish to purchase goods from the store. Such special order items as personalized sports sweatshirts and yearbooks require cash.

Staying in Touch

Stateside Guardian: Any student whose custodial parent does not reside in the United States must have a stateside guardian. The stateside guardian, who must be an individual or a married couple over the age of 21, is designated by the student's parents to provide permissions. Additionally, the guardian's role is not only to host the student during the breaks, but also to

communicate with the parents back in their country and be an active participant in the Olney community. The school reserves the right to approve the choice of stateside guardians.

Contacting a Student at Olney Friends School: The best times for family phone calls to the dorms are weeknights between 9:00 PM and 10:15 PM., and Friday and Saturday nights before 11:00 PM. Other times may be arranged that coincide with students’ free time. Prepaid phone cards, cell phones, collect calls, or 1-800 home numbers are good options for paying for calls to home. Students are not permitted to make long distance phone calls on school phones. Students with cell phones are subject to the same night-time phone restrictions as those needing to use the public phones. Students must not use phones during academic hours or after lights out.

Other Primary Contact People at Olney Friends School

In case of an **emergency after hours, please call 740-359-4015** to reach an on-duty faculty member. To reach any of the following people during school hours, call 740-425-3655. A complete faculty directory can be found at the end of this handbook.

Christian Acemah, Head of School: cacemah@olneyfriends.org (ext. 216)
Joe Sullivan, Assistant Head of School: jsullivan@olneyfriends.org (ext. 214)
Vicki Lowry, Dean of Students, Main Officer Manager: vicki@olneyfriends.org (ext. 219)
Shea Bugala, Student Life Coordinator: shea@olneyfriends.org (ext. 253)

Faculty Advisor: Each student is assigned a faculty advisor at the start of the school year. Advisors should contact parents of their advisees early on in the school year. Students meet with their advisors individually or as members of an advisee group. The advisor is familiar with all aspects of a student’s life, in and out of the classroom. This relationship offers the student an interested, informed, and trusted adult who can help the students make choices, examine beliefs and values, navigate difficulties, enjoy successes, and grow as individuals within the larger Olney community. Parents should feel free to contact advisors with any queries about their own students. Advisors are not permitted to discuss other students’ issues.

Olney Hours, Community Service, and Clubs

Olney Hours Program: Stewardship constitutes an integral component of the school’s transdisciplinary curriculum. Students must complete 22 Olney Hours, including 12 hours of community service and 10 hours of outdoor education, during each academic year. Mandatory activities do not count towards Olney Hours.

Before the winter break in December, students must complete at least half of these hours (i.e., 6 of community service and 5 of outdoor education). Students must complete the rest of their hours before 4:00 PM EDT on May 15, 2024. Students who choose not to meet these deadlines will receive an automatic disciplinary response—including, but not limited to, forfeiture of graduation for seniors or forfeiture of an invitation to return to Olney—from the Head of School.

Please know the following key parameters and guidelines for this program:

1. Each activity, regardless of who leads it, must have a faculty sponsor. Faculty sponsors will actively supervise activities and ensure that the Student Life Office receives appropriate documentation of the activities.
2. The Student Life Office (SLO) must receive Olney Hours slips, completed by students and signed by faculty sponsors, by 4:00 PM of the next weekday. Slips for activities completed over the weekend should arrive by 4:00 PM on Monday after the weekend.
3. Students may lead an activity, which may enable them to receive a “leadership bonus” from the activity’s faculty sponsor in the form of an additional two hours. The faculty sponsor will have discretion over this bonus, so students who opt to lead activities should demonstrate leadership skills before (planning), during (implementation), and after the activity (cleaning up, storing equipment, and evaluating performance).
4. Duties ordinarily completed in leadership positions (e.g., Dishcrew Leader, Office Work Leader, or Dorm Staff) will not count towards Olney Hours.
5. Faculty sponsors may not award more than 5 hours for a single activity so that students can experience a variety of activities.
6. Hours may not be earned during breaks.
7. Olney Hours do not accrue from year to year, so every student starts with 0 hours at the beginning of the academic year.
8. Students who arrive after the first quarter of the academic year will have to accrue hours on a *pro rata* basis. Students who arrive within the first quarter will have to complete 22 hours.
9. The SLO has the discretion to determine which activities count towards Olney Hours, so student leader and faculty sponsors should consult the SLO before embarking on an activity.

Community Service Class Trips

The school supports activities that promote community-mindedness and strengthen class identity. Depending on prevailing COVID-19 restrictions and other health considerations, each class will choose its unique service trip off campus. The trips will have a triple focus: improve an aspect of a community, build leadership opportunities, and demonstrate the benefits of community service. Each student must attend this service trip.

Clubs: The school encourages students to form and engage in at least one student club. Student clubs require a faculty sponsor and a well-articulated cause that aligns with one of the Quaker testimonies (i.e., simplicity, peace, integrity, community, equality, stewardship).

COMMUNITY EXPECTATIONS

The school’s social program interrogates and guides how we: 1) live together in community, 2) grow in understanding of one another and ourselves, 3) resolve conflicts, 4) make decisions, and 5) become self-confident, caring citizens of society. These five aspects interact with each other in our classrooms, dorms, dining room, farm, athletics locations, top campus, and off campus. All members of the community are responsible and accountable for its health. Students are expected to speak in English and not in their native language when in a group setting.

Governance, Conflict Mediation, and Community Life

Following traditional Quaker business practice, governance at Olney Friends School aims to be egalitarian and consensus based. This aspect is symbolized in how we avoid the use of titles and address each other, students and faculty alike, simply by our first names. Business and decision-making meetings gather in quiet, in a spirit of inward listening and mutual respect, drawing on the Quaker belief that a greater wisdom than our own (a “light that is of God”) guides us when we make ourselves collectively receptive.

The school’s Board of Trustees, whose members are drawn from alumni and other friends of the school, set broad educational governance policy. The Head of School is responsible for implementing those policies in consultation with the faculty. Students at Olney Friends School are given many opportunities to take on leadership roles, in student Self-Government (Self-Gov), at class meetings, on dorm staff, on dish crew, in community meetings, and as office work and activity leaders. Students nominated by Self-Gov are invited to join faculty-student committees such as the Disciplinary, Spiritual Life, and other committees.

Student Self-Government (Self-Gov): Responsible student leadership is vital to Olney Friends School. Students do take an interest in helping to govern their lives in the school community. Self-Gov meetings, run by student conveners, occasionally with the attendance of a faculty member, typically meet once a week to discuss community needs and student opportunities to be helpful to the community. The Self-Gov body generates proposals for student-led activities. The faculty encourages Self-Gov to develop helpful initiatives, especially toward taking more responsibility for their own behavior and well-being.

Faculty Meeting: Our faculty meets weekly to report, discuss school matters, seek consensus and make decisions on school-wide issues. Self-Gov student leaders may request to bring student proposals to Faculty Meeting for discussion and consideration.

NOTE: All employees of the school, regardless of title or job description, are considered “faculty” because they are expected to model appropriate behavior and, at one time or another, teach students what it means to live in community. As a result, the terms “faculty” and “staff” are used interchangeably in this and other OFS handbooks unless otherwise clearly indicated.

Community Meeting: Students and faculty meet together for community meetings during the year. These meetings provide us with a forum for thoughtfully considering timely topics related

to our community. They help us develop our ability to listen and build consensus, and provide a forum for constructive dialogue. In consultation with the Head of School and the faculty, students may request that a community meeting be held to address an immediate need or concern. A student and a faculty member co-clerk community meetings, paying close attention to appropriate Quaker process and listening to every voice. .

Class Activities: Classes aim to produce fun weekend activities. Classes typically meet once a week to plan the activity.

Rules for Individual and Community Well-Being

The school’s rules help protect the wellbeing of individuals and our community. Please see our Community Life Handbook FAQ’s for clarification of the following major rules.

Major Rules

Students may not:

1. Use, possess, or provide to another student tobacco, vape pens, mind-altering substances, alcohol, illegal drugs, drug paraphernalia, or unauthorized prescription medications.
2. Engage in sexual intercourse or genital contact.
3. Engage in harassment of any kind.
4. Engage in verbal or physical violence.
5. Steal (including illegal downloading).
6. Commit vandalism.
7. Possess or use weapons.
8. Commit fire safety violations.
9. Lie or cheat.
10. Refuse to comply with a reasonable faculty request.
11. Aid, assist, or accompany a major rule breaker.
12. Obscure one’s location, whether on campus or off campus.
13. Accumulate a second 10 slip violation in a school year.
14. Record a conversation without explicit permission.
15. Commit a Title IX violation. Please refer to the Title IX policy posted on the Olney Friends School website.
16. Enter a faculty office without permission
17. Boarding students must be in their dorm from dorm time through 6:30 a.m.
18. Day students are not permitted on campus after dorm time and before 6:30 a.m.

Responses to Major Rule Violations and Disciplinary Committee

Scope and Jurisdiction

Depending on the individual facts and circumstances, violations of Olney rules and/or of the criminal laws of the jurisdiction in which the student is located at the time of the conduct in question-- regardless of whether the incident occurs while a student is in the school’s care or not -- may result in immediate suspension or expulsion by the Head of School. Students need to be

aware that the school may be under obligation to inform appropriate authorities when laws are broken.

These rules apply in the entire duration of enrollment at Olney Friends School. At all times during enrollment, including trips, during personal travel, online and offline, and during vacation periods, students are expected to behave in a manner consistent with school rules and policies. Olney disciplinary procedures may be applied if the school is presented with information that students have violated expectations while away; such infractions may result in disciplinary action up to and including suspension or expulsion.

Whenever a member of the faculty discovers a student in violation of a rule or becomes aware of specific rule violation, or when attention has been directed to a problem by a member of the community or police, the matter will be treated as a disciplinary case. The school will inform the student's parents, caretakers, or guardians. Faculty are obligated to report rule violations and misconduct, regardless of circumstance or method of discovery.

Students who break major rules need to acknowledge that they have overstepped a critical line in terms of safety, appropriateness and sometimes legality for life within a boarding school. While the discipline process involves careful discernment, students who break major rules must know that such breaches may require the school to separate itself from the offending student with an extended suspension or expulsion. Any student found to be providing drugs, alcohol or other controlled substances to another Olney student faces immediate dismissal.

NOTE: The school may, at appropriate times make disciplinary responses public to the school community.

Disciplinary Committee

Our major rules, drawing on Quaker testimonies of truthfulness, nonviolence, simplicity and respect, define a broad area of health- and growth-enhancing behavior within which we expect our students to live. When students break a major rule or an excess of minor rules, they go before the school's Disciplinary Committee. This Committee consists of the Student Life Office, four faculty members, and four students. The Student Life Office shall pick from all available community members, faculty and students, to address each disciplinary concern brought before the committee. The Committee will establish what happened, listen to the student's side of the story, and discern the appropriate next steps. Students who go before Disciplinary Committee will receive a written response from the Committee's convener.

NOTE: Students may request to have their cases heard by the Administrative Team (composed entirely of the school's administrators) instead of the Disciplinary Committee. In such a case, the student will receive an Administrative Decision.

Reporting of Discipline to Colleges: Given that Olney Friends School falls under the standards of "full disclosure" to colleges and universities, it must present complete and candid descriptions of its students. If a student's conduct results in a major school rule violation, each college or university the student applies to will receive the student's disciplinary record.

Parental Responsibilities in Disciplinary Matters

Response to Major Rule Violations: If a student breaks a major rule\ or excess of minor rules, the student may face a suspension or dismissal. The Student Life Office or Head of School will contact parents in these instances. The disciplinary process works best when all adults involved agree to the goals of helping students understand the consequences of their actions and accept personal responsibility for those actions.

For the safety and well-being of our community, the school reserves the right to remove from campus any student who awaits a disciplinary committee meeting or administrative decision for a major rule violation. Suspended and expelled students must expect to be removed from the community until they can travel home. Costs of travel in such instances are the responsibility of students and their parents.

Campus Restrictions for Expelled Students and Current Students

The school does not allow expelled or discontinued students on its campus for at least one year following their expulsion or withdrawal for a major school rule violation.

Knowing that Olney students often remain in contact with expelled students, and may wish to visit with them at an off-campus location, we remind parents that permission is required for all unchaperoned visits, on or off-campus, with anyone not currently an Olney student or faculty member. You may send permissions for such visits via email to the Student Life Office (vicki@olneyfriends.org). or (shea@olneyfriends.org). If parents are uncertain about the wisdom of such visits, the school advises them to err on the side of caution, as we have no jurisdiction over, or oversight of, a student no longer enrolled. Finally, depending on why a student was expelled, a return to campus or an attempt at unauthorized meetings with current students may cause or require legal action by the school against the unauthorized visitor.

What is the Sanctuary Policy? The sanctuary policy allows the school to help a student with a drug, alcohol, personal, or illegal substance issue without facing a disciplinary response. The sanctuary policy may be applied when that student voluntarily contacts the Student Life Office or member of the Administrative Team. In the case of sanctuary requests the following guidelines apply:

1. Students may use this policy only one time without disciplinary consequences. The school will honor sanctuary even if a faculty member intervenes after the student’s initial request.
2. Students who seek sanctuary for a peer will not receive disciplinary consequences and their identities will remain confidential.
3. Receiving sanctuary will prevent disciplinary actions, but the Student Life Office will be notified. The sanctuary event will not be part of the student’s record, but the student must inform their parent/guardian.
4. Additional meetings, and an alcohol, drug, or other assessment at the student’s expense, are common follow up procedures. A drug screen by urinalysis may be used to obtain a baseline and protect the student if another event triggers a test after sanctuary was granted.

NOTE: Please be aware that certain situations are considered so egregious the Olney Friends School will not grant sanctuary. Examples include but are not limited to violations of criminal laws, sexual harassment, rape, sexual intercourse/contact, and physical violence.

Minor Rules and the Slip System

Minor rules facilitate the smooth flow of our community’s daily life. Please find below an in-exhaustive list of examples of minor rule infractions:

1. Tardiness
2. Inappropriate meal signouts (e.g., beyond allowed allowance)
3. Staying up beyond lights-out without permission from adult dorm faculty
4. Use of profanity or other inappropriate language
5. Not cleaning one’s room
6. Not completing office work
7. Cutting classes, MFW, Collection, sports or any scheduled obligation

These infractions result in “pink slips” that provide a written record of minor rule violations. Slips may be recorded electronically or by other means at the discretion of the Student Life Office (SLO). If a slip is issued for failure to clean an assigned area, the student must still complete the work.

At the beginning of each academic year, all students start out at the middle “slip level.” Slips accumulate over a three-week period following the guidelines below. During that “slip term,” slips received result in the following consequences:

0-2 slips, the student will rise to the TOP slip level for the next three weeks.

3-4 slips, the student will remain at the same slip level for the next three weeks.

5-9 slips the student falls immediately to the next slip level AND remains there for the next three weeks.

10+ slips: Students who receive 10 or more slips within a single slip term for the first time will receive an automatic disciplinary response from the SLO. A student who receives such a response will have mandatory Saturday morning study hall (9:00 AM – Noon), 9:30 PM dorm time on Friday and Saturday nights, and relinquish all off campus signout privileges (i.e., will be campused) for the rest of the current slip term and the next three weeks.

The school expects students to make every effort to adhere to the school’s rules and avoid getting slips. Students who undermine the slip system and willingly accumulate slips will face greater sanctions.

Missing an all school event (Weekend Events, Meeting for Worship, All School Sing, Self-Gov, etc.) may result in relinquishing all off-campus signout privileges (will be “campused”) for the next 48 hours.

Campused = Not allowed to depart from campus except for mandatory school or class events.

Triangled = Only allowed in dorm or Main Building and must attend all meals.

Restricted = Time is served on Friday evenings in dorm room. This is designed to be a time of reflection or studying between 7:00 PM – 9:00 PM. Guests are not allowed in the dorm room other than roommates, and the student must remain in the room. Computers are allowed for academic purposes only.

The following slip-level consequences apply to **boarding students**:

Social Privileges Affected by Slips	Top Level (0-2 slips)	Middle Level (3-4 slips)	Bottom Level (5-9 slips)	Bottom Level with Discipline (10+ slips)
DORM TIME	Mon-Thu. 10:15 pm Fri. 11:00 pm Sat. 10:15 pm Sun. 9:30 pm	Mon-Thu. 10:00 pm Fri. 10:00 pm Sat. 10:00 pm Sun. 9:15 pm	Mon-Sat. 9:30 pm Sun. 9:00 pm, Weekend study hall, +Turn in all tech devices to Main Office at dorm time.	Mon-Sat. 9:30 pm Sun. 9:00 pm, Weekend study hall, +Turn in all tech devices to Main Office at dorm time.
WALK “PER” *	Yes	No	No	No
WEEKDAY SIGN-OUTS	4	3	1	1
WEEKEND SIGN-OUTS	No limit	1(no over-night stays)	0	0
WEEKDAY SUPPER SIGN-OUTS	2	1	0	0
WEEKEND SUPPER SIGN-OUTS	2	1	0	0

*Walk per = Permission to leave the dorm after dorm time.

The following consequences apply to **day students** at the middle and bottom slip levels:

Middle Slip Level

1. Day students must leave campus right after dinner or after school obligations, not including community activities or weekends. It is the student’s responsibility to check-in with a faculty member on duty to clarify any “gray areas.”
2. If day students choose to be on campus on Friday evening, Saturday, or Sunday, they must attend Saturday morning study hall (9:00 AM – Noon). If it is an evening

event/activity, the student must depart campus by 10:00 PM. If the student is on campus for a daytime event/activity, they must leave immediately following said event/activity. It is the student's responsibility to check-in with a faculty member on duty to clarify any "gray areas."

Bottom Slip Level

1. Day students should depart from campus immediately after their final class or sports, not including community activities or weekends. It is the student's responsibility to check-in with a faculty member on duty to clarify any "gray areas."
2. If day students choose to be on campus on Friday evening, Saturday, or Sunday, they must attend Saturday morning study hall (9:00 AM – Noon). If it is an evening event/activity, the student must depart campus by 9:30 PM. If they are on campus for a daytime event/activity, they must leave immediately following said event/activity. It is the student's responsibility to check-in with a faculty member on duty to clarify any "gray areas."
3. All day students in this category should be in the library during study blocks between 8:30 AM and 4:15 PM. It is the student's responsibility to check-in with a faculty member on duty to clarify any "gray areas."

Questioning Slips: If a student believes their slip results from an error or misunderstanding, they should contact the person who issued that slip within 24 hours of receiving it. (The 24 hour period includes time when the faculty member is off duty.) If, after this step, the issuer of the slip does not request the desired change, the student may appeal directly to the SLO who will make the final determination.

Boarding Students

Sign-outs: The number of sign outs permitted in a week is determined by the slip system. Boarding students (or day students during the academic day) who leave Top Campus for any reason other than school activities must sign out, in person, with a faculty member in the Main Office. Students must say where they are going, what time they will return and what they plan on doing while off Top Campus. Sign-outs are allowed to public places only and not to private homes without permission from parents and the Dean of Students. Students may not sign out for another student. Obscuring one's whereabouts through misleading or inaccurate sign-outs is a major rule violation. Students who sign out more often than allowed can expect consequences and further reduction of sign-out privileges.

Meal Sign-outs: Boarding students may sign out of supper a certain number of times each school week by 1:00 pm (after lunch and dish crew). The number of sign-outs is determined by their slip level. Students must be back on campus and in study hall by 7:30 pm unless signed out with a faculty member or their own parent. Monday through Friday, students may sign out of lunch only if invited to lunch by a faculty member. Students must find a substitute for any dish crew duties they have for the meal. Students may not sign out of Sunday lunch unless off-

campus for weekend. Take-out food is not permitted in the dining room during meal times. Students are not permitted to take dining room food to their dorm or dorm room.

A student may sign out of any meal with their parent or guardian; however, the kitchen requests advance notice whenever possible if parents intend to take their children out for a meal. With prior permission from a student’s own parent and sufficient sign-out privileges, a student may sign out with another student’s parents for a meal, including a Sunday noon meal. Permission to sign out with another student’s family must be given prior to leaving campus. If the permission cannot be obtained, then the student does not go on the trip. Sign-outs with parents are not counted toward a student’s sign-out privileges.

Daytime and Weekend Sign-Outs: During afternoon and weekend free time, students may sign out to walk or bike to town, go for a hike, or for exercise.

	Sign out after:	Sign in by:
Sunday	1:00 p.m.	7:00 p.m.
Monday	4:00 p.m.	7:00 p.m.
Tuesday	4:00 p.m.	7:00 p.m.
Wednesday	4:00 p.m.	7:00 p.m.
Thursday	4:00 p.m.	7:00 p.m.
Friday	4:00 p.m.	7:30 p.m.
Saturday	10:00 a.m.	7:30 p.m.

Weekend Overnight Sign-Outs: Weekend overnight sign-outs are possible for open weekends, i.e. those not identified as “all student weekend” on the calendar printed in the back of this Handbook. Only students on top slip level may sign out for an overnight stay. On all student weekends, boarding students must remain on campus for planned all-community activities. On open weekends, students may go home or (with permission from both students’ parents) visit other student’s homes. Parents and students must clear off-campus visiting plans with the Dean of Students by 4:00 p.m., the Wednesday before the visit. Students are expected back from weekend sign-outs in time to attend Sunday evening study hall (by 7:15 p.m. at the latest).

Automobiles: Boarding students may not keep or drive motor vehicles at school, or when under the school’s care. Rarely, with prior permission of parents and the Head of School, a student may use a vehicle to drive between home and school during school breaks, with the keys placed in the school’s care and the vehicle parked in a specific place designated by the Head of School. While under the school’s care, students may ride *only* in cars driven by certified faculty members or other approved adults, and *never* in cars driven by students. Seatbelts must be worn in accordance with state law.

Day Students

Sign-Outs: Day students must sign in upon arrival at school each day, and sign out when leaving. Day students who leave top campus during the academic day for any reason other than in-school sports are required to sign out and in with an on-duty faculty member in the Main Office, stating time and specific intended destination. If signing out for a medical appointment, a written doctor's excuse must be provided upon return to school. Failing to provide a written doctor's excuse will result in an unexcused absence. Monday through Friday, students may sign out of lunch only if invited to lunch by a faculty member. Take-out food is not permitted in the dining room during meal times.

Automobiles: It is recommended that day students walk or be driven to and from campus by their parents or other responsible adults approved by the parents. Day students who drive a car to school must park it where designated by the Head of School and turn in the key at the Main Office. **While under the school's care, students may only ride in cars driven by certified faculty members, and not in cars driven by students.**

Staying Beyond the Academic Day: Day students are welcome to return to campus for evening and weekend activities, but must sign in upon arrival. Some activities involving long-term preparation, such as major class projects, may require long hours on campus. Occasionally there will be an all-community activity that day students will be required to attend outside of academic and sports hours. If a student returns in the evening, they are subject to the same evening study hall rules as boarding students.

Day Students in the Dorms:

Day students will not be assigned rooms in the dorms. However, with permission from a faculty member, day students may enter the dorms to participate in school activities/events. Day students will be restricted to the public areas of each dorm (parlor and kitchen). No day student should enter any boarding student's room.

School Rules and Day Students: Day students, like others, are subject to the school's rules at all times while enrolled at Olney Friends School, regardless of where they are at any given moment. Day students must abide by all school rules while under the school's care and/or in the presence of other OFS students, whether on campus or off. Day students who wish to attend OFS are asked to commit to living by the school's major rules in their time off, as well as on campus, in order to remain students in good standing. Any student who does not feel that they can make this commitment would be best served at a different school. If it comes to light during an academic year that a day student is engaged in illegal drug use, that student puts their enrollment at Olney in as much jeopardy as does a boarding student doing the same on campus. The day student will be subject to the same disciplinary committee procedures as a boarding student. Similarly, any day student found to be providing drugs, alcohol or other controlled substances to Olney students may be immediately suspended pending probable expulsion.

Other Student Life and Discipline Concerns

Students Age 18 and Older: Olney Friends School will treat all students under its care, including those over 18 years of age, as minors. We will communicate with parents and guardians as if students are minors in the areas of academic records, academic performance, health matters, permission forms, discipline issues, and financial matters.

In order to continue to share personally identifiable student information contained in education records with parents after the student turns 18, OFS requires 1) the parents file a certification with the school stating that the student is a dependent student pursuant to the Internal Revenue Code; or 2) the student to sign a consent form allowing the school to share that information with the student's parents.

Searches: Searches of a student's person, room, cubby, mailbox, or personal belongings (including mail, cell phones, and other devices) may be determined necessary by the Student Life Office or Head of School in certain cases. These searches will usually be conducted for prohibited, dangerous, stolen, or other items that violate school standards, and may be initiated at any time.

When possible, faculty members may describe to the student in question the items they are looking for before the search commences. If any contraband other than that originally sought is discovered during the search, or if the search reveals evidence of another rule violation, the faculty members will confiscate those items as well and the student(s) found to be in possession will be subject to disciplinary action. With consent of the Student Life Office or Head of School, dorm faculty may conduct random room searches with at least one other faculty member present.

Room Inspections: Dorm rooms are inspected weekly, and sometimes daily, by members of the dorm faculty. While the school wants students to feel their rooms offer a measure of privacy, inspections are a necessary part of its obligation to ensure the following:

1. Rooms and their contents are clean and well cared for.
2. Health and safety of residents are well protected.
3. Rooms do not contain illegal, dangerous, prohibited or stolen items.
4. Fire safety regulations are followed.

Students are responsible for the contents and condition of their rooms, which must be kept neat, clean, and free from fire hazards. The school reserves the right to require removal of any items such as posters, other media, or garments that are offensive, contrary to community standards, or advocate behaviors specifically prohibited by school rules.

Flag List: The Student Life Office or Administrative Team will put students on the Flag List if they have a major rule violation. Time on the Flag List carries over from one academic year to the next. So, for example, students who violate a Major School Rule during the last month of school will begin the next enrolled year on the Flag List if they have not successfully completed their time during the year of the infraction. Similarly, students who seek to be readmitted after a suspension or expulsion also begin their time at Olney on the Flag List.

Olney Friends School also reserves the right to condition the enrollment of any student who seeks to transfer to OFS after major violations at their prior school on successfully completing

time on the Flag List and/or any other conditions contained in their contract. Students are initially placed on the Flag List for a one-month period. The Student Life Office or Head of School may vary the length of time or adjust the specific terms of a student’s status on the Flag List to best help the student to be a productive member of the community. It is extremely important that a student on the Flag List carefully obey school rules, as infractions during this period can and will lead to suspension or dismissal. The school will inform parents of reasons for and purpose of being flagged.

General expectations when students are put on the Flag List:

1. The Student Life Office notifies parents by letter.
2. The student’s Advisor assists in planning corrective steps.
3. Faculty members report progress to the advisor, who reports to the parents and Student Life Office.
4. Administrative Team reviews the progress monthly and at the end of terms.

Standards of Behavior

Classroom Disruptions: Academics at Olney Friends School hold an esteemed place in our day-to-day priorities. In cases of classroom disruptions, a teacher may send a student to the Dean of Academics to discuss and address the problem. The Student Life Office and Dean of Academics will maintain a record of such meetings and has the right to impose a disciplinary response. A student who is chronically disruptive may face suspension or expulsion.

Respect for School and Private Property: Over-borrowing and borrowing without asking are common causes of conflict here. We hope students learn to keep track and take care of their possessions and to value and respect the property of others. **Students should label their belongings clearly to avoid confusion around ownership.** In addition, students are asked to be very clear with each other about their own lending policies, and to be cautious about giving blanket permission to others to borrow anything indefinitely or at any time.

Public Display of Affection (“PDA”): Olney Friends School is both a private place where students can be at home with their friends and a public place where we want others, including peers, faculty and guests, to feel welcome and comfortable. While the School does not prohibit students from forming “exclusive” relationships, we encourage them to maintain a healthy balance between time spent with others and time with a “special” friend. Within the framework of the school rules, couples may spend time together in the Main (excluding offices and storage areas), and the greenhouse. The rule for these places is “door open and lights on.” Couples may also spend time together outside on Top Campus (see map).

Intense romantic behavior, such as making out or lying on top of another person, is inappropriate in public spaces. Classes, Morning Collection, meals and Meeting for Worship are inappropriate times for physical affection. Students who engage in such activities at those times will be asked to stop. If the behavior persists, faculty intervention, with possible parental involvement, should be expected.

Student Dress Policy: Our concerns about how our students dress come from experience as adults in the wider world and in the Olney community. Olney is at once a school, a community, a business, a religious entity, a home, and a workspace. Faculty members are entrusted with the care, teaching, nurturing, guidance and support of students. As such, it is their duty to maintain a dress policy that promotes the school’s founding principles of simplicity and moderation, along with other Quaker values.

1. Students **must** wear:

- Clothes that do not expose or reveal genitals, buttocks, or nipples.
- Clothes that are opaque, not “see-through.”
- Clothing that stays in place throughout normal activity.
- Shirts or tops that reach the bottom of the naval.
- Bottoms including pants, sweatpants, shorts, skirts, dresses, and leggings.
- Shoes in the Main building and during sports.
- Underpants.

2. Students **may** wear:

- Hats, including religious coverings.
- “Hoodie” sweatshirts.
- Fitted pants including leggings, yoga pants, and “skinny jeans.”
- Tank tops those with spaghetti straps.
- Athletic attire.
- Ripped jeans that do not expose underpants.
- Crop tops that reach the bottom of the naval.

3. Students **must not** wear:

- Pajamas in the Main during the academic day.
- Shirts that expose sides of the torso.
- Clothing that depicts or promotes:
 - Violent language or images
 - Drugs or alcohol
 - Profanity or pornography
 - “Hate speech,” images or language creating a hostile environment
- Clothing or accessories that the faculty consider unsanitary
- Clothing that reveals underpants
- Underwear as outerwear
- Bathing suits in the Main
- Extremely short or revealing attire

Managing Conflict: The school expects members of its community to hone their conflict management skills during their time at Olney. As such, the school offers training in conflict management for students and faculty alike throughout the academic year. When conflicts arise between students or between a student and a faculty member in the dorm, classroom or community, students should take one or more of these steps:

1. It is best if a student can address the concern soon--clearly, respectfully and face-to-face--with the person involved.

2. If this does not resolve or clarify things (or if it is difficult to speak to the other person alone) and a further step is needed, students are encouraged to ask a faculty member to join the conversation as a listener and facilitator.
3. If this still does not bring resolution, a student may ask for help from a mediating group of faculty and/or students (a “clearness” group in Quaker parlance).

Electronic Communication and Entertainment

Electronic Device Policy and Philosophy

While personal electronic devices such as cell phones, DVD players, laptop computers, music players and headphones are allowed at Olney Friends School, our policies for their use are designed to support moderation, minimize distractions, and preserve community relations, as well as personal health and growth.

Students are required to register all Internet capable devices (cell phones, iPod touches, iPads, laptops, etc.) with the Technology Coordinator. Unregistered devices may be confiscated. The details of the technology rules are typically created with faculty and students each year.

Cyberbullying: Cyberbullying is the use of electronic communication devices, including computers, cell phones, and the Internet to intimidate, harass, humiliate, or otherwise victimize another person. Acts of cyberbullying can include (but are not limited to) practical jokes, unauthorized use of another’s online account (e.g. Facebook, email, etc.), or using the Internet to spread malicious rumors or to threaten others. Cyberbullying in any form is considered a major school rule violation.

Hacking: Students are prohibited from tampering with, or making any unauthorized modification to, the Olney computer network. This includes, but is not limited to, attempting to crack passwords or gain unauthorized access to wireless networks and using personal equipment to extend the network.

Criminal/Commercial Activity: Use of the Olney network for any criminal or commercial activity is prohibited.

Online Appropriateness: Students are required to conform to community standards of appropriateness in their online lives. Students should refrain from using obscene language, posting obscene or offensive pictures, or engaging in other offensive activities while online. Such incidents will be referred to the Student Life Office.

Media Appropriateness: Electronic media (movies, games, music, etc.) exhibited in public spaces must conform to community standards of appropriateness. **The administrator on duty has the final say as to what is appropriate for use and display in public spaces.** Students and faculty members may not record images or sound of another without their permission. Olney has a zero-tolerance policy for covert recording devices, those that look like something else (e.g. a radio, smoke detector, or pen), and their possession is strictly prohibited. Unauthorized recording of others is a Major Rule violation.

Library Appropriateness: Because the Library should be a quiet space for studying and reading at all times, no audio volume is allowed on library computers or on personal devices used therein.

Technology Violations and Confiscation

One possible consequence for repeated technology violations is confiscation of the device in question. This is not meant as a punitive measure, but as a structure within which the student can improve and as opening to dialog with the student about the behavior.

Confiscation generally does not result from a first violation of technology policies, though this may vary depending on circumstances. Every case is different, but devices are generally confiscated when:

1. the student has multiple violations related to the device;
2. the student’s academic or social well-being is clearly affected by this behavior;
3. the behavior is adversely affecting other students; and/or
4. the student shows inability or unwillingness to moderate their behavior.

Devices are confiscated for three weeks, during which time the student can work with their advisor on preparing a written plan for ensuring the device is used appropriately when it is returned.

If a student uses a borrowed phone or any other piece of electronic equipment in a manner that violates school policies, it is still subject to the confiscation policies.

Technology Policy 2024-2025

Electronic Devices

The following inexhaustive list provides examples of electronic devices for the purposes of this handbook: cell phones, laptops, personal computers, iPads, iPod touches, handheld devices with internet or Bluetooth capabilities, wrist devices (e.g., Apple and Samsung watches and pedometers, any other internet capable devices, and any other devices with screens.

Academic Hours

- Students may not use electronic devices during Collection, academic hours, mealtimes, and study hall. The time between the beginning of Collection (8:15am) and the beginning of sports block (4:30pm) constitutes academic hours. Lunch starts at 12:15pm and ends at 1:15pm. Studyhall starts at 7:30pm and ends at 9:00pm during weekdays. Saturday study hall starts at 9:00am and ends at 12:00pm. Sunday study hall starts at 7:30pm and ends at 8:30pm.

Exception: Students may use electronic devices with the express permission of faculty.

Cell Phones

- Not allowed during Collection, Meeting for Worship, class time, mealtimes, meetings, performances, parlor meetings, lectures, community activities, or off campus academic activities. In case of technology-related disruptions during these times, faculty members may request students to stop using cell phones and any other electronic devices. Faculty may also confiscate electronic devices to decrease disruptions. A designated area will be available in all classrooms for cell phones. Phones must be placed in the designated area upon entering a classroom and can be retrieved at the end of class time. Phones must also be placed in designated areas prior to Meeting for Worship and can be retrieved at the end of Meeting.
- No phone calls in public spaces (hallways, library, classrooms in use, laboratories)

Headphones/Earbuds

- One headphone or one earbud permitted while walking in buildings, including during office work and major office work. Headphones and earbuds are not permitted during meal times.
- In case of technology-related disruptions during these times, faculty members may request students to stop using cell phones and any other electronic devices. Faculty may also confiscate electronic devices to decrease disruptions.
Exception: No headphones or earbuds during Dish Crew. DCL's may play music using their cell phones as music players for all if they choose to do so.

Library

- Students may use electronic devices in the library for academic purposes only. They may use headphones but must work on academics while in the library.
- Students may use the student lounge or game room to play video games in the Main. No other area in the Main should be used for such purposes.
- In case of technology-related disruptions during these times, faculty members may request students to stop using cell phones and any other electronic devices. Faculty may also confiscate electronic devices to decrease disruptions.

Dorm

- Students may not use electronic devices after lights out.
- In case of technology-related disruptions after lights out, the faculty on duty in the dorm will confiscate cell phones and any other electronic devices in use. Cell phones must be placed in the designated locked area in the dorm Sunday through Thursday night at lights out and can be retrieved at 6:30 a.m. on the following morning. A charging station will be available so all phones can be charged overnight.
- *Exception: Students may request faculty on duty in the dorm for permission to study after lights out. Students may then use electronic devices but only for academic purposes and with the permission of the faculty member on duty in the dorm. Faculty on duty will have full discretion in this matter.*

Study Hall

Regardless of study hall location, these rules apply to all students on the school's premises during study.

- No cell phone use for calls, social media, or messaging.

- Screens of electronic devices must remain visible to faculty on duty for the entirety of study hall.
- *Exception: Students may use cell phones/headphones for music at the discretion of the faculty on duty. Music should remain inaudible to other students and faculty.*
- In case of technology-related disruptions during study hall, faculty members may request students to stop using cell phones and any other electronic devices. Faculty may also confiscate electronic devices to decrease disruptions.

Consequences

- **First Slip:** Students who break these rules for the first time in a quarter will receive one technology violation slip.
- **Second Slip:** Students who receive a second technology violation slip in the same quarter will forfeit all technology privileges for seven days, starting on the day the Student Life Office processes the second slip. Students in this category must store all their electronic devices in the office of the Dean of Students. Parents will receive a notification from the school regarding a second slip.
- **Third Slip:** A third technology in the same quarter will result in the confiscation of all electronic devices for thirty (30) calendar days, starting on the day the Student Life Office processes the slip. Parents will receive a notification from the school regarding a third slip.
- **Fourth Slip:** A fourth slip in the same quarter will result in the confiscation of all electronic devices for the remainder of the academic year. Parents will receive a notification from the school regarding a fourth slip.
- **Other Slips:** A student who accumulates more than four technology-related slips in the same quarter will meet with the Dean of Students and Head of School. The student's advisor may accompany the student to this meeting. After this meeting, the Dean and Head will determine an appropriate disciplinary response.

Exception: With explicit permission from the Dean of Students, students may request to use one electronic device for academic purposes during specified times determined by the Dean.

Special Note

Olney Friends School does not tolerate any form of cyber bullying, social media shaming and harassment, or violence. Any student who engages in these activities will immediately be suspended or expelled from the school.

Computer Use and Language on the Internet: All students have an Olney Friends School email account. Our standards for speech and behavior at school apply generally online as well. Specifically:

- Students may not print or display sexually explicit, obscene, or pornographic materials.
- The use of profanity, racial slurs or obscenities is not permitted on OFS computers or networks.
- Personal attacks and threats to individuals are prohibited, whether published on a public or personal web space or exchanged in public or private communication.
- Students should be cautious with all Internet activities, due to security concerns and the widespread, unauthorized dissemination of personal information online.
- Living in community requires us to be civil with one another, online and in person.

- Students must conform to school policies, procedures, and expectations at all times, whether using school-owned equipment or personal devices.
- Harassment, bullying, and unauthorized posts about other community members on social media platforms will lead to suspension or expulsion.

Student use of school computers and networks is a privilege which may be revoked, at any time for any reason including, but not limited to, altering system software and placing unauthorized information, computer viruses and/or harmful programs on or through the network by any public or private means. The school reserves the right to remove files as well as to limit or deny access to its network.

Network access is provided as a tool for your education. The school reserves the right to monitor, inspect, copy, review and store, at any time and without prior notice, any and all usage of the network; and any and all materials, files, information, software, communications and other content transmitted, received or stored in connection with this usage. All such information, content and files shall be and remain the property of the school and you should not have any expectation of privacy regarding those materials. Network administrators may review files and intercept communications for any reason, including but not limited to for purposes of maintaining system integrity and ensuring that users are using the system consistently with this Policy.

Deliberate attempts to disrupt the school’s network or any other network or system on the Internet by sabotage are considered criminal activity under state and federal law. The use of computing services to engage in any activity which violates local, state or federal law is prohibited. Usage that damages equipment or software may result in charges to your account or legal action.

While the faculty do respect students’ need for privacy, faculty will not hesitate to request that a student show what they are doing or stop activities that do not comply with the school’s computer usage policies.

Olney Friends School has the right to search files on school-owned equipment and networks at any time, and has the right to search the files on student computers if there is reasonable suspicion of misuse of computer privileges.

NOTE: The Internet is not an appropriate forum for community members to air grievances against Olney and/or other community members. Students having concerns or grievances are asked to raise those directly, with the administration or with the parties involved. A student choosing an online forum to broadcast a grievance could face a disciplinary response depending on the content of the student’s published message.

Sign-outs and Visits On and Off Campus

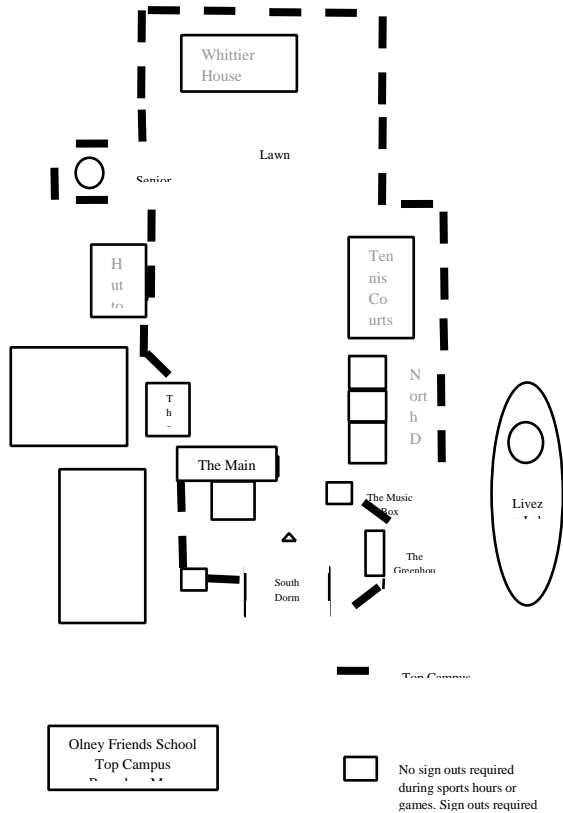

Sign-Out Procedures: Olney Friends School is responsible for knowing the whereabouts of the students in our care at all times. This requires cooperation from students. When leaving campus for any reason, students must sign out in the Main Office, in person, with a faculty member who

records the details. Students will be asked where and with whom they are going, and when they plan on returning, except when going home. Students are responsible for placing their own sign-out card in the “Out-Box” at this time and for moving it back to the “In-Box” when they return.

Because Olney Friends School has both day and boarding students, some rules regarding sign-ins and sign-outs are different between the two groups. The rules below are outlined as they apply to each group. The map at left showing the Top Campus boundary applies to all students.

Campus Description: Olney Friends School maintains a 350-acre campus, which includes school buildings, sports fields, barns and farm fields, orchards, lake and woods. The Main, as the large central building is called, serves as the center of all academic and community activity, housing most classrooms, library, kitchen, dining room, offices and gymnasium. The dormitories are located in close proximity to the Main. The campus also includes field hockey and soccer fields, a lake, a greenhouse, and the Henderson shop/maintenance building. The farm includes about 125 acres of tillable land with a small herd of beef and a large vegetable garden, which serve to provide healthy food directly to students. In addition, the school manages an old-growth forest, the Plummer Woods, about a mile from campus, which serves as an outdoor classroom for science classes and a quiet retreat for hikers.

Top Campus Boundaries: Top Campus is the area circumscribed by the thick dashed line on the map on page 29. Students do not need to sign in or out to spend time on Top Campus. Buildings other than the Main, the greenhouse and the upstairs level of the Music Box have restrictions and do require sign-outs (see “On-Campus Sign-outs” below). To visit other parts of campus, including but not limited to the Henderson building and sports fields (except during sports blocks and games), students must sign out in the Main Office.

Building Restrictions: The Mary Davis Guest House and faculty residences, including apartments in the dorms, are private, “off-campus” spaces. Students may visit faculty dwellings by faculty invitation only. The Mary Davis Guest House, which houses the infirmary, guest rooms, and faculty apartments, is also considered “off campus,” except for the infirmary when the Health Coordinator is present. Students are not permitted in the lower level of the Music Box or beneath the bike garage unless accompanied by a faculty member.

Livezey Lake: Students who would like to spend time at Livezey Lake or on Paul’s Island must sign out to do so. Students may use boats on the lake only with permission and only during non-academic daylight hours. For safety, boaters must always boat with another person or with have someone keeping watch from shore. Paddles and life preservers are required and may be checked out at the Main Office. Swimming is not currently allowed.

Livezey Lake Canoe Rules and Expectations:

- Always sign out in the Main Office to visit the lake or use a canoe.
- Never use a canoe alone.
- Always wear a life jacket while on the lake.
- No more than two people per canoe.
- No horse play.
- Do not throw objects at or into other boats.
- Do not intentionally capsize the canoe.
- If the canoe does capsize, remain near and drag it to shore.
- You are responsible for removing anything you bring to the lake.
- Return all canoes, life jackets and paddles to the storage area and put them away neatly.

On-Campus Sign-outs: Sign-outs on campus but off Top Campus are not counted against a student’s weekly privileges; however, students with restricted sign-outs for disciplinary reasons may be denied an on-campus sign-out if the faculty member on duty feels it would be an abuse of their sign-out status. For example, a student on the lowest slip level asking to sign out to Paul’s Island, more than once in a week where the student has already signed out off campus, may be denied the on-campus sign-out.

Bicycles, Skateboards, and Rollerblades: Students may bring bikes, rollerblades, and skateboards to Olney if they are willing to follow the guidelines below, which are necessary to ensure the safety and well-being of community members. The following requirements apply to all bicycles, rollerblades, and skateboards:

Safety Equipment: Bicyclists, rollerbladers, and skateboarders **must** wear helmets and shoes when riding. That said, NOTE that the school cannot guarantee parents and guardians that your students will

be wearing a helmet at all times. All bikes, skateboarders, and rollerbladers must have a white reflector visible in front and a red reflector visible from behind.

Storage: Bikes must be stored in the school’s Bike Shed or taken home while school is not in session. Skateboards need to be stored in appropriate places assigned by Dorm Heads.

Off-Campus Use: During the appropriate times, students may leave campus by one of the above means, provided they have signed out. Students need special permission from the Dean of Students if they wish to bike beyond a two-mile radius of Olney Friends School. Students must observe traffic laws and biking etiquette while riding. Please remember that bikers have to adhere to strict traffic rules.

Snow Days: As a boarding school, we hold regular classes even when public schools have snow days. If day students cannot get to school, they must make up any missed work (see academic handbook for specific guidance).

Day Students Becoming Boarders: Day students are encouraged to become boarding students their senior year. Visits home should then be coordinated and cleared with the Student Life Office to help insure a balance between family needs and the stability of the student’s new life as a boarder.

RESIDENTIAL LIFE

Dorm Life: Dorm life at Olney is a rich and enriching experience where students study, relax, watch movies, read books, tell stories and play games together. Each dorm is overseen by a residential faculty dorm staff. Duties and activities are coordinated by each Dorm Head. Each dorm has one faculty member on duty each night. Faculty members are assisted by a student dorm staff. The faculty and student dorm staff guides the dorm, teaches its traditions and procedures, encourages dorm projects, and ensures the dorms’ smooth operation, positive atmosphere, and resolution of conflicts. Weekly dorm meetings, called “Parlor Meetings,” in each dorm are times to share concerns, discuss issues, celebrate holidays and have fun. Boarding students are required to attend Parlor meetings.

Roommates: Students will be assigned roommate(s) for the first half of the year. At mid-year, students will change rooms and roommates. This practice helps encourage new interactions and friendships among students. Prior to mid-year room changes, the adult dorm faculty will ask students to indicate roommate preferences, which will be considered as possible when making new room assignments. The administration reserves the right to make changes as necessary.

Dorm Care and Damages: Students are responsible for taking care of their dorm as well as their own room. Rooms are checked daily to assure that beds are made and clothes put away. Daily cleaning of bathrooms, showers and public spaces is assigned to students through the Office Work program. Once each week, students are required to do a more thorough cleaning of their rooms. Maintenance faculty will occasionally need access to dorm rooms to inspect or repair school property.

Rooms are inspected for damage before mid-year room changes and again at the end of the school year. Unreasonable wear, damage, graffiti, presence of stickers on furniture, walls or floor will be charged to all the residents of the room in question, unless all roommates agree on who was responsible for the damage. Damages to common areas are charged to all dorm residents unless the person(s) responsible do not identify themselves.

Dorm Facilities: Each dorm has a kitchen with refrigerator, oven and microwave for student use, coin-operated washing machines (\$.75 wash/ \$.75 dry), and storage areas for items such as luggage.

Personal Belongings: Olney recommends that students arrange for insurance coverage through their family’s policy for valuable belongings such as bicycles, cameras, or electronics. (Renters’ insurance often covers these items.) The school is not responsible for a student’s personal belongings and carries no policy that provides coverage for them.

Weekends on Campus: Because Olney Friends School offers a 7-day program of activities, most boarding students do opt to remain on campus on weekends. Friday evenings, Saturdays and Sunday afternoons provide free time and a wide range of planned activities, some for the entire community and others for smaller groups. These may include international dinners, pick-up sports games, mall trips, movies, swimming, sledding, bike trips, overnight camping trips, day hikes, or an outing to Columbus or Pittsburgh. Please check with the school to find out about upcoming activities before planning a weekend at home, as there are some weekend events a student will not want to miss. Student performances and occasional class presentations are scheduled on weekends, and their attendance may be required for class members.

Weekend Study Hall: Students who fall behind in their classwork, fall to bottom slip level, or need more time to complete their academic work will attend study hall over the weekend on Saturdays from 9:00 AM – Noon or during another appropriate three-hour block of time at the discretions of the weekend crew leader, Dean of Academics, or Head of School. Students may also voluntarily opt-into weekend study hall.

Fire and Health Regulations in Dorms

The following restrictions in the dorms are enforced for the safety and well-being of all residents. Please be mindful of these when deciding what to bring and what to leave at home.

- lighters, incense, candles and matches are prohibited, especially in dorm rooms;
- hanging blankets or sheets from ceilings in dorm rooms is not allowed;
- black lights, Christmas lights, halogen lamps, lava lamps, and light bulbs over 60 watts are not permitted;
- hot plates, microwaves, toaster ovens, electric coffee makers, rice cookers, air fryers or other heating/cooking appliances are allowed only in the dorm kitchens; These items must be stored in the dorm kitchen. Cooking appliances can only be used in the dorm kitchen.
- plug adapters are not allowed;
- fire escapes are to be used only in a fire emergency
- students may not have pets in the dorms. Fish are allowed with permission from the Dorm Head.
- dorm room door must be able to open all the way and dorm bed must be visible from doorway.
- dorm staff must be able to see a complete figure in the bed

STUDENT STATUS

Extended Leave

Olney Friends School recognizes that there are occasions when a student may benefit from a leave from school to address a problem, while still remaining in good standing. A leave may be voluntary or required. A Voluntary Leave is initiated by a student or the family and must be approved by the Head of School, the Student Life Office, or a designated representative.

Leaves may vary in length, though longer absences are more difficult to accommodate. For a leave, voluntary or required, return would not be automatic and would be subject to review based on criteria specified at the outset.

In the case of an extended leave, repeating all or part of a school year may be necessary. It is not appropriate to use a leave of absence to postpone or otherwise interfere with any pending disciplinary proceedings. Absences of more than two weeks will mean that a student can only be graded on a pass/fail scale.

The following descriptions outline typical forms of leave, although individual circumstances may require other responses:

Medical Leave

Medical Leaves might include those for severe or prolonged illnesses, significant injuries, especially those requiring major surgery, or psychological problems, including severe depression, suicidal ideation or eating disorders. A Medical Leave can be voluntary or required.

The school convenes a Leave Committee when possible, consisting of the Head of School, the Student Life Office, Dean of Students, and the student’s advisor, to determine the timing of and criteria for the student’s return to school. While the student is on Medical Leave, the school physician, psychologist and/or counselor will work with the family and, when appropriate, the student’s healthcare providers at home. The Leave Committee will receive updates on the student’s status while away and, at the appropriate time, assess the readiness of the student to return from Medical Leave. Informed by a recommendation of the Leave Committee, the decision concerning the return from Medical Leave will be determined by the Dean or Head of school.

The impact of a Medical Leave on a student’s academic status will vary with the amount of class time missed, the timing in the academic calendar, and the point in the student’s academic career. Students and their parents or guardians must contact the faculty to make arrangements to cover missed work and assignments. Zoom sessions are permitted if on medical leave.

Personal Leave

A Personal Leave may be granted at the request of the student and family or may be required by Olney Friends School. The decision to allow or require a Personal Leave is made by the Student Life Office in collaboration with the Dean of Academics and the student’s advisor and teachers. At the start of the leave, criteria for return will be specified. Informed by a recommendation from this group, the decision concerning the return from Personal Leave will be determined by the Head of School, Student Life Office, and the Dean of Academics.

College Visits and Non-medical Excuses

Juniors and Seniors are permitted a combined maximum of five class days for college visits or other opportunities pertaining to life after Olney. Requests require approval from the student’s advisor and the Dean of Academics, and must be submitted to the Student Life Office at least five days in advance of a proposed visit. Juniors and seniors are encouraged to schedule college visits during the summer or other school vacation times.

Religious Observances

Students missing classes or assignments for religious observances should inform faculty members in advance. Teachers should set a reasonable schedule for completion of assignments and/or assessments. When students have multiple assessments during a period of religious obligation, a staggered set of due dates in the days

following a holiday may be required. This policy does not apply to holidays that fall on a single day of the weekend.

CO-CURRICULAR PROGRAMS

Athletics

Our athletics program is designed to be multipurpose: to encourage life-long habits of physical fitness; to build effective teamwork and sportsmanship; to strengthen faculty-student bonds around a shared set of physical challenges and goals; to include every student regardless of skill level; to foster fun; and to help students learn to appreciate the other team as fellow athletes rather than as rivals. While we do offer some traditional team sports such as soccer and basketball, many if not more of our offerings, such as running, yoga, biking and walking, are geared toward personal fitness and are non-competitive. Students are required to participate in either physical education classes or in sports teams every quarter of their enrollment at Olney. Students have a 45-minute sports block a minimum of two times a week. Varsity team members can expect to practice four times a week.

Faculty coaches offer a variety of sports in all three seasons: soccer and running in the fall; basketball, volleyball, folk dancing and gymnastics in the winter; and a variety of spring offerings which, based on interest, may include running, Ultimate Frisbee, or soccer.

The annual “Gym Ex” (Gymnastics Exhibition) is a presentation by the entire student body of gymnastic and other skills. Skills presented recently include tumbling, rope jumping, pyramid building, poly-poles, balancing, and swing dancing. Gym Ex is open to parents and families and is held the Friday before Spring Break. Attendance at Gym-Ex is required for students.

Outdoor Education Program

Through the outdoor program, students participate in a range of outdoor trips, which may include hiking, biking, canoeing, camping, caving, or rock-climbing. Students are encouraged to bring sleeping bags, backpacks, and outdoor clothing. The outdoor program encourages students to develop camping, first aid and coping skills; to test their physical limits; and to encounter the rigors and beauties of nature. Each student is required to participate in at least one outdoor trip during the school year.

Service

In a Quaker school, knowledge is not an end in itself; rather, it leads to useful work in service to others. Quakers believe in the value of work whether that work is done in a garden or at a desk. At Olney Friends School we try to practice this principle daily through our campus work program and through service projects and activities that take us out into the wider community.

Students at Olney are encouraged to view service projects and student-initiated service activities as opportunities both to serve others and to learn new things about themselves, others and the work they are called to do. School and student-initiated service opportunities are available during the school year. Students working in either class or advisory groups may decide to engage in service projects ranging from tutoring and helping in the public elementary school to planting tree seedlings on reclaimed strip mine land. Students often discover new gifts and passions through service work.

Office Work and Dish Crew: The goal of this program is to develop community spirit through service, self-sufficiency, cooperation and good work habits while cleaning shared spaces. The program offers students opportunities to learn or strengthen basic house-cleaning skills and to develop a sense of care and responsibility for their Olney Friends School “home.” Students are asked to participate in daily chores by cleaning common spaces in the dorms or the Main or washing dishes, pots and pans after meals. Each student is assigned a daily cleaning or dish-crew job and assignments are rotated every three weeks. In addition, students are asked to pitch in at other times in group work projects that support community life.

Students may apply for leadership roles in our work program, such as Dish Crew Leader, Office Work Leader, or Library Assistant.

The Farm and Garden: The Olney campus is surrounded by farmland managed by the school. We value our agrarian heritage and hope students leave Olney with a deeper appreciation for all that is involved in the production of the food that we put on our table. The school garden and farm provide meaningful work opportunities for students throughout the year. The school garden is used to help feed the school and as an outdoor classroom. Here, students are given the opportunity to learn hands-on organic gardening methods and consider issues related to sustainability, the environment, and nutrition.

Spiritual Life

The Religious Society of Friends (Quakers), since their origination in 17th century England, has operated from the principle that the wisdom of God is available to every one of us, of whatever religious persuasion, to bring us light and guidance each day. At Olney Friends School we continue to operate from this principle. In our daily Collections and weekly Meetings for Worship, we seek to make ourselves receptive to this guiding wisdom by quieting ourselves and listening for “the still, small voice” of conscience beneath the busy, rushing thoughts of the day. We may ask ourselves: *How am I really doing? How are my friends doing? What do I need? What do they need? What joys or concerns am I feeling? What is my work for this day?* In the silence, and in the messages others give, we may hear some answers to our questions, or simply hear the questions more clearly.

Spiritual life at Olney Friends School comprises all the formal and informal ways we seek spiritual help and meaning for our lives.

Morning and Evening Collection: Weekdays begin and end with a brief time of quiet worship together, which we call “Collection.” This is a time to gather as a community, to collect our thoughts and feelings, and to center ourselves in the deeper peace of the moment. Out of this quiet, any one of us, young or old, faculty or student, may find a message in our heart or on our conscience. If this message continues to stir in us in the quiet, it may be we are meant to share it with the group, and we are welcome to do so. The message may be a thought, a feeling, a prayer, a question, some scripture, a poem, a song, or a story. Such messages will often have helpful meaning, not only for the speaker, but also for others in the group. The convener brings this time of collection and worship to a close with a shaking of hands. Morning Collection is then followed by the day’s announcements, after which students move on to their classes. (Note: Occasionally a student will want to share a recorded song or message in Collection. In such a case he or she is asked to clear it ahead of time with the Head of School at morning Collection or with the crew leader at evening Collection.)

Meeting for Worship: Each Wednesday and Sunday morning we meet for a longer period of quiet worship. While usually “un-programmed” (without a prepared program), some of these worship times have a prepared

theme, such as music, peacemaking or showing appreciation for community members. These meetings are held in various locations, in the Main, the dorms, or on the hillside near the lake. Again, a community member may feel “led” to speak and share out of the silence. Occasionally, the school joins the Stillwater Meeting congregation for worship in the large meetinghouse at the north end of campus.

Spiritual Life Committee: Interested students and faculty meet weekly for Spiritual Life Committee, to consider the spiritual health of the community and prepare themes and activities for worship times. The committee identifies practical ways to nurture positive community relationships. Special worship times are planned as occasion arises. Students have a vital role in this committee and its leadership.

Other Spiritual Opportunities: Spiritual life at Olney Friends School takes many forms. It is about deepening our understanding of ourselves, of others, and of God, however we may understand God. We do not have all the answers to life’s deep questions. We welcome genuine questions and exploration. We draw on the time-tested principles of truthfulness, nonviolence and love, which are embraced by the world’s great religions.

Special Olney Friends School Traditions and Events

At Olney Friends School we balance the old with the new, incorporating many long-standing social traditions that still have relevance to our program today. Many of these traditions go back to the school’s founding days. We find that these traditions help strengthen bonds among classmates and between students and faculty and provide an element of excitement and surprise through the year. Below, the major events/traditions of the year are listed and briefly described.

Fall, Winter, and Spring Outings: Events are planned by faculty for the enjoyment of the entire school community. The timing of the event is a surprise to students. Classes are cancelled for the afternoon and a short trip is taken for a time of fun and relaxation. Recent trips have been to Oglebay Park, Barkcamp State Park, Salt Fork State Park Lodge, Mohican State Park, Seneca Lake, and Roscoe Village. “Snow days” may be called in order to enjoy sledding and tobogganing.

Homecoming in the fall is a time when alumni may return to Olney Friends School to visit and participate in the students vs. alumni soccer game or the distance run. Families of current students are also welcome.

Gym Ex: A student gymnastic exhibition featuring tumbling, human pyramids and other physical feats. Gym Ex is held the Friday before Spring Break. Parents and families are invited to attend this event, and students are required to participate.

Commencement: A time we honor graduating seniors and their families. This is also the weekend when Olney Friends School holds class reunions: former students, faculty and families gather on campus or at nearby homes to celebrate their long-standing connections with Olney. Campus typically swells at Commencement time, often attracting 200 or more people. A full weekend of events is planned, beginning with the Alumni & Friends Gathering Friday evening and ending with a bountiful meal after Commencement.

Commencement itself is a required, all-school event held Saturday morning at Stillwater Meetinghouse and followed by a gala luncheon served in the dining room and gym. Often an additional event such as a bonfire is held on Friday evening for families, students and alumni. Families of all students are encouraged to attend the weekend festivities. Student attendance is required at the Alumni & Friends Gathering and at Commencement.

Traditional Class Activities

Freshfolk: Plan and serve Thanksgiving dinner, decorate the library for the winter holidays, collect sap and make maple syrup, and keep their own class history.

Sophomores: Decorate the dining room and serve the winter holiday dinner, and keep their own class history.

Juniors: Decorate the dorm parlors for the winter holidays, hold a Junior Auction, plan the Junior Social, and keep their own class history. Junior Social is a special half-day picnic in spring planned by the junior class around a surprise theme for the benefit of the entire school. Afternoon classes will be cancelled for this event, the date of which is a tightly guarded secret.

Seniors: Manage Senior Store, plan Halloween Social, decorate the Main Hall and Collection Room for the winter holidays, plan a Valentine’s dance, create yearbook pages, plan the Senior Social and the Senior class trip, and keep their own class history and “prophecies.” Senior Social is a formal all-school evening event hosted by the senior class and held on a Saturday in late May. At the Senior Social, seniors read their class history and class prophecies.

Regular grade-level meetings are held and may result in additional events such as service projects, class fund-raisers and outings. Each class is assigned 2-4 faculty members as class sponsors.

Student Fundraising

Students are encouraged and supported by their class sponsors in fund-raising for class activities. Aspects such as promotion, production, financial planning, cash management, distribution, price setting, etc., are all healthy and worthwhile experiences that are manageable by teenagers with guidance from adult sponsors.

Any project should start with a written proposal that is reviewed by the class sponsor and then submitted to and approved by the administrative team at least one week before any other effort begins. Approval of fund-raising projects must not be assumed lest they be canceled. Production of goods is limited to wholesome products such as maple syrup, and sale of services should focus on value to the purchaser, such as raking leaves for a neighbor.

The school encourages entrepreneurship as an important element in 21st century education. Monies raised will be used exclusively for class activities, such as the senior trip, and a class gift upon graduation. Direct solicitation of parents, alumni and friends of school is generally discouraged, as it might work against the school’s own essential fund-raising (e.g. the annual fund). Solicitations from individuals or organizations not connected to the school must not conflict with school efforts and must be approved in advance by the Development Office and Head of School.

Typical Weekend Schedule

FRIDAY

6:15-7:15	Supper and Dish Crew
8:15-9:30	Free Time/Activity
9:00-9:15	Evening Collection (Optional)
9:30	Dorm Time Level 3

FREQUENTLY ASKED QUESTIONS (FAQS)

What is “verbal violence”?

Language used intentionally and repeatedly to intimidate, coerce or threaten others is considered verbal violence. Students accustomed to using violent, vulgar or profane language in normal conversation will need to change their habits. Olney Friends School is a multicultural, multigenerational place where particular words may carry different negative weight with different people. Here we define “profanity” as language that a given person finds offensive or unacceptable in public speaking or writing. Any offended faculty or student should

request of the other party that such language not be used. Refusal to honor that request may be classified as verbal violence.

What is considered “Use or possession” of alcohol, tobacco, or other drugs?

Olney Friends School expects all students to be completely drug-, alcohol- and tobacco-free during their time here. Drug and alcohol use by students is not only illegal, but can be harmful to the body, mind, and spirit of the user as well as to the community at large. No student should be subjected to the pressure to misuse substances.

All the following constitute violations of this major rule:

- **Procurement, possession, distribution, use or sale of any illegal drug, federally controlled substance, unauthorized prescription medication, supplement or over-the-counter medication (including synthetic drugs or naturally occurring compounds such as “Spice”, “Salvia”, “Bath Salts”, etc., whether illegal or not and regardless of labeling);**
- **Possession of drug paraphernalia or residues (including but not limited to pipes, rolling paper, hookahs, scales, seeds, stems or resins) or of containers used for alcoholic beverages;**
- **Possession or use of any form of tobacco or nicotine, including e-cigarettes or vape pens;**
- **Testing positive for use of illegal drugs, whether used at school or not;**
- **Possession or use of vaping materials, aerosols or chemicals as inhalants, or any ordinary substance used for mind-altering purposes;**
- **Remaining in the presence of a student violating any of the above rules.**
- **Hanging out in closets or other areas that are not intended for students such as closets, storage areas, etc.**

These behaviors will not be tolerated and may lead to dismissal from Olney Friends School. We will presume that drug paraphernalia, or empty containers for medication or alcohol, found in a room belongs to the room resident(s).

If a student refuses a drug or alcohol test, they will be violating a major rule and suspended immediately. The substance violations above are cumulative, meaning they do not reset at the end of the school year as do other major rule violations. After a first offense, consequences may include: assessment by an approved counselor, being confined to campus, losing leadership positions, random drug tests or room checks, and/or suspension. After a second substance offense, students will be referred directly to the Head of the School with the expectation of expulsion.

Olney Friends School reserves the right to test students for alcohol and other drugs when appropriate. When there is an informed suspicion of drug or alcohol use, students may be required to take a drug or alcohol test and can expect to have all their belongings searched. Examples of informed suspicion include but are not limited to: the student is stumbling, using slurred speech, smells of alcohol or other prohibited substances, is “zoned out” or acting erratically, or faculty have received a tip that the student is using a prohibited substance. Drug testing may be authorized by the Head of School or Student Life Office to ensure the health and welfare of the student and the community. Students may be removed from the dorms while drug testing is pending. Attempts will be made to notify parents or guardians, and while it is hoped they will be supportive, testing does not require their consent. Samples will be sent to an outside laboratory for processing and a positive test will make the student subject to disciplinary action. Failure to submit a sample on request will be treated as refusing the test (see above).

What is “Obscuring one’s location, whether on campus or off?”

Olney Friends School takes the responsibility for student safety very seriously. While in its care, students must keep the School informed of their location at all times and must not enter restricted areas without permission or supervision.

The following examples constitute violations of this major rule:

- Departing campus without permission or following sign out procedures;
- Entering private places without permission (including, but not limited to, faculty offices and apartments);
- Entering another student’s room without permission;
- Hanging out in closets or other areas that are not intended for students. Example: cleaning closets, storage closets, etc.
- Driving or riding in a car without permission (from an Administrator and a parent or guardian);
- Being in a school vehicle without permission;
- Leaving the dorm without permission during dorm hours (typically 10:00 PM – 6:45 AM);
- Calling out a fire drill number for someone that is not present;
- Falsifying overnight and weekend plans;
- Using a fire escape for anything outside of an actual fire or other emergency;
- Being in or on Livezey Lake without permission;
- Being on the sport fields or “Back 2” roads without permission during non-sport times.

Students can expect consequences for minor location infractions to be determined by the Student Life Office. The following list is not meant to be inclusive of all restricted areas. If you have any questions about where you may go, ask an Administrator.

Restricted areas include:

- Sewage plant
- Faculty homes, offices, and apartments
- Mary Davis Guest House (unless you are sent for medical reasons or are with an adult)
- Henderson Building (unless you have Woodworking or Welding class. If you are making a Graduation Box or doing a school project, you must have an adult present).
- Stillwater Meeting House
- Morlan House (the Friends Center)

When is “Lying” a major rule violation?

You may not forge or alter school documents or records, or forge your parent’s/guardian signature. You may not present yourself as someone you are not. For example, you may not claim to be a parent when calling the school nor may you claim to be a faculty member. Serious violations of the above rules might be grounds for dismissal.

What is “Harassment?”

Harassment is any abuse based on someone’s race, color, ancestry, national origin, or religion; socioeconomic or academic status; sex or gender identity or expression; or physical appearance or disability. It includes verbal,

written and physical abuse as well as graffiti, epithets, “humor” based on stereotypes, or any behavior—regardless of intent—that contributes to a hostile environment in which to live and learn. Each person at OFS has the right to feel safe and valued, and students are expected to uphold the rights and well-being of others. We seek to treat every individual with sensitivity and compassion and will not tolerate any form of harassment.

Definitions and policies concerning harassment:

It is important to bear in mind that OFS policies may apply stricter standards of behavior than those provided by law in order to prevent inappropriate conduct and keep students safe. Olney Friends School reserves the right to apply disciplinary measures and other corrective action in a case of a single expression, act, or gesture, if the School determines that it is of sufficient severity to warrant such measures. Conduct need not meet the legal definitions of harassment, discrimination, hazing, or bullying to violate the School’s expectations and be actionable.

Some examples of harassment include:

- Uninvited pressure for sexual activity, whether explicit or implicit, particularly if accompanied by a promise of favorable treatment or a threat concerning a student or employee’s status;
- Bullying includes any intentional written, verbal, graphic or physical acts, including those electronically transmitted via Internet, cell phone, personal digital assistant (PDA) or wireless hand-held device, either overt or covert, by one or more students toward other students or school personnel with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate;
- Obscene or suggestive remarks or jokes, verbal abuse, and/or insults that are conveyed in person, through notes, e-mails, instant messages, postings on websites, text messages, spoken over the phone or left on answering machines or voicemails;
- Pressure to participate in illicit activities such as the use of alcohol, tobacco products, or other drugs;
- Hazing or threats;
- Demeaning comments with respect to race, religion, ethnic origin, sexual stereotypes, gender or sexual orientation;
- Spreading rumors about, or rating, other students as to sexual activity or performance.

Students experiencing harassment should let the offending person(s) know that they want the behavior to stop.

An example of an appropriate response is to

- (1) say “No!” or firmly ask them to stop,
- (2) look directly at the person(s) with a straight face to give a clear message, and
- (3) do not apologize for your feelings.

Students experiencing harassment should keep records of when, where, how and by whom they are being mistreated, and should immediately contact any faculty member with whom they feel comfortable about the situation. (Records should include witnesses, direct quotations, actions, evidence, and any written communication.) Remember that all staff members, regardless of title or job description, are considered “faculty” at OFS. The faculty member will inform the Student Life Office and/or the Title IX Coordinator so that the school can determine an appropriate response to the situation. In every instance, we will aim to help the individuals involved to fully explore the nature of the offense and to resolve the matter in a way that brings understanding and respect. Violations of this policy will not be tolerated; such behavior undermines the spirit of the community and, depending on the circumstance, may be cause for immediate expulsion. Any student or faculty member who is found in violation of this policy will be subjected to discipline, up to and including dismissal from OFS.

Olney Friends School will not tolerate retaliation, in any form, against any person for reporting allegations of harassment or other conduct reasonably likely to violate this policy, assisting another in reporting or pursuing such allegation, or participating in the investigation of a harassment claim. Such retaliation is a serious violation of this policy and can subject the offender to appropriate sanctions or discipline. The reporting and resolution of any instance of retaliation under this policy shall follow the procedures governing harassment.

What is a Fire Safety Violation?

Students are expected to maintain a safe environment at OFS; thus, all fire safety violations will be taken seriously. **Possessing or using fireworks, firearms, ammunition, or any other dangerous weapon, item, or substance can make a student liable for immediate dismissal.** The use of any open flame, which includes but is not limited to lighted cigarettes, candles, incense, lighters, and matches in any school building is not permitted except under faculty supervision. Tampering with emergency equipment, including but not limited to fire alarms, fire extinguishers, smoke detectors, etc., or using emergency equipment at times other than emergencies, is a major rule violation.

Because the following items create fire hazards, they may not be possessed by students but must be stored with adults:

- Camping stoves,
- Candles,
- Cooking or heating appliances, including but not limited to hot pots, hot plates, grills, immersion heaters, toasters, toaster ovens, air fryers, and rice cookers;
- Any other item that the Fire Marshall determines to be a fire hazard.

Using the items above without permission in dorms, in other school buildings where they should not be used and/or without faculty supervision is considered a major school rule violation. A first time violation of possessing the above items might result in a warning with minor consequences to be determined by the Student Life Office or Dorm Heads. Continued noncompliance through possession, however, will be considered a major school rule violation.

The items below are *never* allowed and their possession, in any school location without faculty permission and supervision, is a major rule violation:

- Matches and lighters
- Microwaves
- Electric blankets
- Halogen and other high-intensity lights including black lights and lava lamps
- Propane torches
- Fireworks
- Christmas lights

Students may use electric heating pads, humidifiers, or vaporizers only with authorization from a doctor or the school's Health Coordinator. All other **appliances that produce heat are prohibited** in student rooms **except:**

- Hand-held hair dryers, curling irons, and electric curlers rated at 1,500 watts or less and thermostatically controlled;
- The devices above must be unplugged when not in use.

Why Should You Not Be With a Major Rule Breaker?

The most helpful thing to do with a peer who is breaking a major rule -- if they cannot be dissuaded from it -- is to show disapproval by walking away. To stay with them is often seen by the rule-breaker as implied approval of their actions; therefore, remaining present is also a major rule infraction, even if not of the same gravity.

What happens at the Disciplinary Committee meeting?

If a student elects to go to Disciplinary Committee, the committee meets with the alleged rule-breaker in a “Meeting for Clearness,” a listening and questioning time in which the committee and the student seek to discern an appropriate response. This approach works best when a rule-breaker has the courage to be honest, take responsibility for their actions, and acknowledge any damage done to self and others. Ideally, the committee’s response is fashioned to help the student address their own issues and promote a change in their behavior, while also protecting the safety and integrity of the community. In cases where the committee sees no evidence of potential for growth or change, it may recommend (to the Head of School) that the student be asked to leave. The Head of School makes the final decision regarding any student expulsion.

Situations may arise that cannot logically or legally be addressed by the Disciplinary Committee or discipline system. Particularly where the physical safety of others is in question, the Head of School may exercise the right to bypass the disciplinary process described here and personally call for the immediate removal of a student from the school, either permanently or as part of a suspension. NOTE: Students who commit or threaten violence, or are found to be providing drugs or alcohol to other students, must be prepared for automatic and immediate expulsion.

Disciplinary Responses: Olney Friends School holds all members of the community accountable for their behavior. Any student who breaks a rule, or fails to meet established standards, will be confronted directly. The Student Life Office will handle each case individually, with due regard for both the circumstances of the offense and the well-being of the community. Students may receive an array of consequences that range from extra community service, restriction of privileges or boundaries, a day of reflection, a mandatory activity or written assignment to suspension or dismissal. Although consistency is desirable, disciplinary responses may vary according to individual students and circumstances, and may not be the same as consequences given at other times.

Notification of Rights and Designation of Directory Information Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day the Olney Friends School (“School”) receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The principal, or his/her designee, will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students who wish to ask the School to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. For a further explanation, see item 5 below.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

5. FERPA permits the disclosure of PII from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student
 - To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. A school official may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. (§ 99.31(a)(1)).
 - To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2)).
 - To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student’s State. Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of Federal- or State-supported

education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35).

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4)).
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released, subject to § 99.38. (§ 99.31(a)(5)).
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6)).
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7)).
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8)).
- To comply with a judicial order or lawfully issued subpoena. (§ 99.31(a)(9)).
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10)).
- Information the school has designated as “directory information” under § 99.37. (§ 99.31(a)(11)). Specifically, the School may disclose appropriately designated “directory information” without written consent, unless you have advised the School to the contrary in accordance with School procedures. The primary purpose of directory information is to allow the School to include this type of information from your child’s education records in certain school publications. Examples include:
 - A playbill, showing your student’s role in a drama production;
 - The annual yearbook;
 - Honor roll or other recognition lists;
 - Graduation programs; and
 - Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want School to disclose directory information from your child’s education records without your prior written consent, you must notify the Superintendent’s office within two weeks of receipt of this notice. (Attn: Christian Acemah [cacemah@olneyfriends.org])

The School has designated the following information as directory information:

- Student’s name
- Student’s address
- Student’s telephone number
- Student’s date and place of birth

- Photograph
- Major field of study
- Participation in officially recognized activities and sports
- Student’s weight and height, if a member of an athletic team
- Dates of attendance (“from and to” dates of enrollment”)
- Grade level
- Date of graduation
- Degrees, honors and awards received
- Most recent previous educational agency or institution attended by the student
- E-mail address
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user
- A student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user.
- Audio and/or visual recordings of class lessons solely for the use of the students enrolled in the class to review the lessons for academic purposes.

Notice of Rights under the Protection of Pupil Rights Amendment (PPRA)

The Protection of Pupil Rights Amendment (“PPRA”) affords parents/guardians certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- A. Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (“ED”):
1. Political affiliations or beliefs of the student or student’s parent/guardian;
 2. Mental or psychological problems of the student or student’s family;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or parents/guardians; or
 8. Income, other than as required by law to determine program eligibility.
- B. Receive notice and an opportunity to opt a student out of:
1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the

collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

C. Inspect, upon request and before administration or use:

1. Protected information surveys of students and surveys created by a third party;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

The aforementioned rights transfer to/from the parents/guardians to a student who is 18 years old or an emancipated minor under State law.

Olney Friends School (the School) will develop policies, in consultation with parents/guardians, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The School will also directly notify, such as through U.S. Mail or email, parents/guardians of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent/guardian to opt his or her child out of participation of the specific activity or survey. The School will make this notification to parents/guardians at the beginning of the school year if the School has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents/guardians will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents/guardians will also be provided an opportunity to review any pertinent surveys.

The following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents/guardians who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-5901

OLNEY FRIENDS SCHOOL WEEKEND ABSENCE FORM

To properly sign out, you must give notice of your absence to Vicki or Shea 24 hours before your time away. Your major office work and room work must be checked and signed off by faculty on duty for the time you will be away. This must be done before you leave.

NAME: _____

DESTINATION: _____

HOW WILL YOU GET THERE: _____

DATE AND TIME OF DEPARTURE: _____

DATE AND TIME OF RETURN: _____

(Your plans should have you returning to campus by study hall on Sunday night.)

PHONE OR EMAIL PERMISSION FROM YOUR PARENT AND THE HOST FAMILY MUST REACH THE DEAN OF STUDENTS BY NOON ON THURSDAY BEFORE A WEEKEND ABSENCE.

STUDENTS ON BOTTOM SLIP LEVEL ARE NOT PERMITTED TO LEAVE FOR THE WEEKEND.

NOTE: YOU ARE RESPONSIBLE FOR OBTAINING SUBSTITUTES FOR ALL OF YOUR DUTIES AT SCHOOL WHILE YOU ARE AWAY.

I HAVE ARRANGED FOR THE FOLLOWING PEOPLE TO SUB FOR ME WHILE I AM AWAY. HAVE ALL SUBS SIGN THEIR NAME NEXT TO THE DUTY YOU ARE MISSING. YOU MUST ASK SOMEONE TO SUB FOR YOU AND THEY MUST SIGN. SLIPS WILL BE ISSUED IF YOU DO NOT HAVE A SUB.

ACADEMIC ABSENCES

Absences fall into two categories: they may be excused or unexcused. The Ohio Revised Code specifies only eight valid reasons to excuse an absence: Personal illness; Illness in the family requiring the child’s presence; Home quarantine; Death of a relative; Medical or dental appointment; Observance of a religious holiday; an Emergency set of circumstances; or a College visit. Students are encouraged to make up academic work for excused absences. If the work isn’t made-up by the first weekend the student is back they may be restricted to campus until everything is complete and turned in. Any student who knows they’ll be missing a class should arrange to work ahead with their teacher(s). **ABSENCES FOR ANY OTHER REASON ARE CONSIDERED UNEXCUSED.** In these cases students may only make up tests, papers, and major projects; but they cannot earn credit for Harkness, participation grades, minor quizzes, and homework. Repeated absences accumulate, and students cannot receive class credit unless they maintain a minimum of 90% attendance.

Please remember that five or more absences in a given quarter will jeopardize your academic credits for the term. If a pattern of what appears to be non-critical absences and late returns is evident, the school may opt to view continued absences as unexcused, in which case you will not be allowed to make up missed work and your grades will be negatively impacted.

Below is a list of signatures needed whenever you miss class. The final signature needs to be from the Dean of Academics, Leonard Guindon
